The Board recognizes the educational, humanitarian and economic values of fund-raising activities in and by schools and their Parent Advisory Councils.

R E G U L A T I O N S

1. Schools and their PACs may participate in fund-raising activities.
2. Schools should be sensitive to community reaction to fund-raising and thereby keep the number of activities to a minimum. Schools should discourage and restrict door-to-door fund-raising activities for the safety of students
3. All trust accounts shall be subject to audits by the Secretary-Treasurer or designate.
4. School Principals are responsible for approving fund-raising activities sponsored by their school and Parent Advisory Councils. Consultation with the Superintendent or designate is encouraged for extra-ordinary requests.
