PROVISIONS FOR STUDENT EXEMPTION

The Board of Education recognizes that for a number of reasons parents may wish to have their child(ren) exempted from certain components of the Physical Health Education/Career Education Curriculums. The Board supports the rights of these parents and, subject to the following regulations, students and their parents/guardians may arrange for alternative delivery of instruction with regard to specific Learning Standards.

R E G U L A T I O N S

Teachers will hand out, at the beginning of the course, a list of topics to be covered so that parents can determine which topic(s), if any, they wish to have their child(ren) participate in an approved alternate delivery.

It is each parent's/guardian's responsibility to inform the school, in writing, that they request their child be excused from attending the specific instructional session(s) and their preference to address Learning Standards.
