MANAGEMENT REPORT

DRAFT

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 51 (Boundary) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 51 (Boundary) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, Grant Thornton LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 51 (Boundary) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

To the Board of Education of
School District No. 51 (Boundary) and the Ministry of Education

Opinion

We have audited the financial statements of School District No. 51 (Boundary), ("the District"), which comprise the statement of financial position as at June 30, 2019, and the statement of operations, statement of changes in net financial assets (debt), and statement of cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

In our opinion, the accompanying financial statements of School District No. 51 (Boundary) as at June 30, 2019 and for the year then ended, are prepared in all material respects in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia ("Section 23.1").

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the financial statements* section of our report. We are independent of the District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

Without modifying our opinion, we draw attention to Note 2 to the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

Other Matters

Our audit was conducted for the purposes of forming an opinion on the financial statements taken as a whole. The supplementary information included in Schedules 1 through 4 is presented for purposes of additional information and is not a required part of the financial statements. Such information has been subject to the auditing procedures applied, only to the extent necessary to express an opinion in the audit of the financial statements taken as a whole.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Section 23.1, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the District's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the District or to cease operations, or has no realistic alternative but to do so.

Agenda

Those charged with governance are responsible for overseeing the District's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the District to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

SCHOOL DISTRICT NO. 51 (BOUNDARY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 1 AUTHORITY AND PURPOSE

The School District, established on December 2, 1996 operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 51 (Boundary)", and operates as "School District No. 51 (Boundary)." A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 51 (Boundary) is exempt from federal and provincial corporate income taxes.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(e) and 2(m).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in Notes 2(e) and 2(m), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require these grants to be fully recognized into revenue.

The impact of this difference on the financial statements of the School District is as follows:

- June 30, 2018 - increase in annual surplus by \$241,368
- June 30, 2018 - increase in accumulated surplus and decrease in deferred contributions by \$13,065,923
- June 30, 2019 – increase in annual surplus by \$625,227
- June 30, 2019 – increase in accumulated surplus and decrease in deferred contributions by \$13,691,150

SCHOOL DISTRICT NO. 51 (BOUNDARY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

b) Cash and Cash Equivalents

Cash and cash equivalents include cash balances and term deposits that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

c) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

d) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

e) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2 (m).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2 (a) for the impact of this policy on these financial statements.

f) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

SCHOOL DISTRICT NO. 51 (BOUNDARY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

f) Employee Future Benefits (cont'd)

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2019 and projected to March 31, 2022. The next valuation will be performed at March 31, 2022 for use at June 30, 2022. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

g) Asset Retirement Obligations

A liability is recognized when, as at the financial reporting date:

- (a) there is a legal obligation to incur retirement costs in relation to a tangible capital asset;
- (b) the past transaction or event giving rise to the liability has occurred;
- (c) it is expected that future economic benefits will be given up; and
- (d) a reasonable estimate of the amount can be made.

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

h) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. The liability is recorded net of any expected recoveries. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
 - is directly responsible; or
 - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

i) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost also includes overhead directly attributable to construction as well as interest costs that are directly attributable to the acquisition or construction of the asset.
- Donated tangible capital assets are recorded at their fair market value on the date of donation, except in circumstances where fair value cannot be reasonably determined, which are then recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer contribute to the ability of the School District to provide services or when the value of future economic benefits associated with the sites and buildings are less than their net book value. The write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.
- The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings	40 years
Furniture & Equipment	10 years
Vehicles	10 years
Computer Software	5 years
Computer Hardware	5 years

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

j) Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

k) Prepaid Expenses

Prepaid licenses and insurance are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

l) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Notes 13 – Interfund Transfers and Note 18 – Internally Restricted Surplus).

m) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

SCHOOL DISTRICT NO. 51 (BOUNDARY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

m) Revenue Recognition (cont'd)

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished. See Note 2(a) for the impact of this policy on these financial statements.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

n) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed. Interest expense includes interest paid on capital lease and is included in debt services.

Categories of Salaries

- Principals, Vice-Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

n) Expenditures (cont'd)

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

o) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, accounts payable and accrued liabilities.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

All financial assets except derivatives are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations. A write-down of a portfolio investment to reflect a loss in value is not reversed for a subsequent increase in value.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

p) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2 a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, liabilities for contaminated sites, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

NOTE 3 CASH AND CASH EQUIVALENTS

Included in cash and cash equivalents are funds in the amount of \$469,897 (2018 – \$404,845), restricted and paid out to teachers who contribute to and take part in the District’s self-funded summer saving plan.

SCHOOL DISTRICT NO. 51 (BOUNDARY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 12 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan (jointly trustee pension plans). The boards of trustees for these plans, representing plan members and employers, are responsible for administering the pension plans, including investing assets and administering benefits. The plans are multi-employer defined benefit pension plans. Basic pension benefits are based on a formula. As at December 31, 2017, the Teachers' Pension Plan has about 46,000 active members and approximately 38,000 retired members. As of December 31, 2017, the Municipal Pension Plan has about 197,000 active members, including approximately 24,000 from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2017, indicated a \$1,656 million surplus for basic pension benefits on a going concern basis. As a result of the 2017 basic account actuarial valuation surplus, plan enhancements and contribution rate adjustments were made; the remaining \$644 million surplus was transferred to the rate stabilization account.

The most recent actuarial valuation for the Municipal Pension Plan as at December 31, 2015, indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2015 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, \$1,927 million was transferred to the rate stabilization account and \$297 million of the surplus ensured the required contribution rate remained unchanged.

The School District paid \$1,287,529 (2018 - \$1,440,170) for employer contributions to the plans for the year ended June 30, 2019.

The next valuation for the Teachers' Pension Plan will be as at December 31, 2020, with results available in 2021. The next valuation for the Municipal Pension Plan will be as at December 31, 2018, with results available in 2019.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plans record accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the plans.

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2019, were as follows:

- Operating funds transferred to local capital - \$158,000 (2018 - \$333,000)
- Tangible capital assets purchased from special purpose funds - \$53,276 (2018 - \$79,585)
- Tangible capital assets purchased from operating funds - \$115,400 (2018 - \$107,170)

NOTE 14 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

NOTE 19 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

NOTE 20 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them.

a) Credit risk:

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash and cash equivalents and accounts receivable.

The School District is exposed to credit risk in the event of non-performance by a debtor. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

SCHOOL DISTRICT NO. 51 (BOUNDARY)
NOTES TO FINANCIAL STATEMENTS
YEAR ENDED JUNE 30, 2019

NOTE 20 RISK MANAGEMENT *(Continued)*

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash and cash equivalents as they are placed in recognized British Columbia institutions and the School District invests solely in term deposits.

b) **Market risk :**

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its cash and cash equivalents. It is management's opinion that the School District is not exposed to significant interest rate risk as they invest solely in term deposits that have a maturity date of no more than 3 years.

b) **Liquidity risk**

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

Dear Board of Education and Mr. Minette,

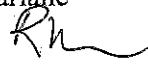

We have been successful with our application with Exchanges Canada to be a part of a French exchange trip with a school in Quebec, College des Hauts Sommets. I am seeking an Approval in Principle for participation in this exchange from March 6 - March 13, 2020. I look forward to sharing this learning opportunity with the Senior French class.

I thank you for your consideration,

Secretary-Treasurer's Report Summer 2019

Summer Challenges

Summer 2019 brought our senior management and district leadership teams significant challenges, including:

- Superintendent Minette's unexpected leave of absence
- A new Director of Learning and new PVP members
- Teaching and support staff leaves in late August
- Lightning storm damage in Grand Forks sites, notably at GFSS
- Flood at GFSS during bathroom renovation
- Flood at MES during rain storm

I want to acknowledge our team and commend them on navigating each of these situations with grace and professionalism. Everyone has shown a willingness to support as and when needed. Well done!

Budget/Finance

Fiscal Year-end & Audit

Grant Thornton LLP out of Kelowna performed an audit of our June 30, 2019 financial statements. The audit is complete and Tyler Neels will present the statements to the Board for approval. We are required to submit finals to the Ministry by September 30/2019.

I want to highlight that the operating surplus was higher than budgeted, details as follows:

	Budget (Original)	Actual Results (per Schedule 2)	Variance Explanation
Operating revenue	16,280,048	16,921,618	Increase in operating grant (Unique Student Needs) Additional grants (EHT, Mental Health) City of Grand Forks
Operating expenses	16,507,048	16,594,710	Exempt staff compensation increases Increased substitute costs Transportation R&M higher than budgeted Off-set by: Reduced utility costs (electricity and gas) Underspent school supply budgets Teacher salaries down, more new/inexperienced teachers (lower cost)
Net	(227,000)	326,908	
Transfers	(208,000)	(273,400)	Tangible Capital Assets purchased
Surplus (Deficit)	(435,000)	53,508	
Appropriation of Surplus	435,000	-	Planned use of internally restricted surplus not required
Total operating surplus	-	53,508	

*Reminder that there will not be an expenditure report for 2019/2020 until November board meeting

Enrolment

Preliminary enrolment is higher than expected:

- June projections showed enrolment count at 1,244
- Current data indicates enrolment count at 1,274

HOWEVER, things are still changing. Our count date is September 30th. We will have final enrolment numbers to announce at the October meeting.

Meetings/Conferences

I attended a workshop on Teacher Pension Plan in August in Trail. It was great to connect with staff from other districts in our region and learn more about the administration of the pension plan.

Operations

Update on Minor Capital Projects

School Enhancement Program & Playground Equipment Program:

Site	Project	Budget	Status
Perley	Roof	\$100,000	Contractor = Heritage Roofing, not started
Hutton	Exterior door & window replacement	\$500,000	Completed
GFSS	Auditorium lighting	\$105,000	Completed
District wide	Security system	\$200,000	Contractor = TerraCom, in progress
District wide	Flooring	\$341,000	Completed CLES, GFSS, Hutton, WBES, BES
BCSS	Air Handling Unit	\$225,000	Unit purchased and delivered, install in 2020 (Phase 2)
GFSS, BCSS	Washroom upgrade	\$510,000	Completed GFSS x 4, BCSS x2, CLES x 2, BES x2
WBES	Playground upgrade	\$105,000	Install next week

AFG projects completed over the summer:

- BWCS basement washrooms completed
- BCSS staffroom kitchen updated
- BCSS painting in biology room/SpEd room
- Perley basketball hoops, to be delivered/installed in mid-September
- GFSS Autoshop - clean-up and painting
- Hutton Playground - cement pad, accessible picnic tables, pea gravel to wood (Spring Break)
- District wide - New fire pull stations, all stations now have key reset (AO will have key)
- District wide - Regular inspections, fire alarm, fire sprinkler, hoist inspections
- Gym floor refinishing - all except MES (because of flood)

As you can see, a lot of projects (big and small) were undertaken and completed in July and August by our dedicated maintenance and operations team. Most of these employees do not take holidays during the summer, and I want to acknowledge their commitment to having our schools in great shape and ready for students for the beginning of September - thank you!

Information Technology

- Updated/refresh teaching staff hardware
- Upgraded district firewalls for all locations
- Security panel upgrades at SBO, IT and WDC, with remaining sites to be completed in Sept.
- Secured contract with Ricoh for photocopier and printer replacements
- Annual user account maintenance
- Adobe Creative Suite software cancellation from PLNet
- Purchase of Chromebook cart for GFSS
- Setup new G-Suite (Google cloud) for district use
- Software updates for labs, iPad and laptop carts
- Continuing District Core Server reconfiguring for replacement
- New network hardware replacement for City and BFISS

In addition to the above, the IT department was also managing the effects of damage by both the lightning storm and the flood at GFSS. Thanks to John Popoff and his team for their all their hard work!

Briefing Note Internally Restricted

As per the Secretary Treasurer's Report, the Operating Surplus in the audited financial statements for the year ended June 30, 2019 was significantly higher than anticipated.

The original budget passed by the Board in February 2018 showed a planned deficit for the year of \$435,000, which was to be covered by internally restricted surplus (see 2018 column in Note 18 below).

The actual results for the year ending June 30/2019 present an operating surplus of \$53,508.

In addition to the operating surplus efficiencies as described above, the Board approved a reduction in the Contingency Reserve down to 2.5% of average operating expenditures and there were small changes in other internally restricted programs. Overall, the Board now has an Unrestricted Operating Surplus balance of \$554,399 (see below).

Per Policy 2073, *Accumulated Operating Surplus*, the Board is responsible for managing the Accumulated Operating Surplus of the District, at the guidance and recommendation of the Secretary Treasurer.

The following are recommendations for the Board to consider in regards to the Unrestricted Operating Surplus balance of \$554,399:

1. 2019-20 budget appropriation of up to \$200,000, to be awarded to schools for non-staffing budget requests
2. Additional transfer of up to \$200,000 to Local Capital in 2019-20 for future capital expenditures such as parking lot development at Hutton Elementary and improving accessibility of the School Board Office
3. Increase Contingency Reserve
 - o To 3.0% at \$82,500
 - o To 3.5% at \$165,000
4. Up to \$200,000 remaining as Unrestricted Surplus to be allocated in subsequent budget years.
